

2003 Annual Report of

The Ohio Masonic Home

CEO's Message:

Strategic Initiatives At Work in 2003

Jerry Kuyoth, CNHA
Chief Executive Officer

Your Ohio Masonic Home continued its long-standing commitment to excellence during 2003 by providing quality services to more than 800 residents in our retirement communities in Springfield, Waterville, Cincinnati and Medina. At their first meeting in February, the Board of Trustees adopted three strategic initiatives: to have a breakeven analysis plan, to improve corporate communications, and to expand our Masonic Senior Services program.

Thus, we began the year with the goal of operating in a more efficient, yet always caring, manner. To better realize this operations

"The quality of a person's life is in direct proportion to their commitment to excellence."

– Vince Lombardi

goal, we now strive to operate OMH, and each subsidiary, at a breakeven level. Eventually, we will not require any financial support from our endowment, except for our residents' charitable care needs.

During 2003 we became more committed to fiscal responsibility. Throughout the year, the Board continued the discussions about how each community could best serve its residents. *(Editor's Note: The decision to close Masonic Eastern Star Community was made*

at the February 2004 Board Meeting. After all residents and their families were notified, David Stacy, Chief Financial Officer, Greg Holm, Chief Operating Officer, and Jerry Guess, Public Relations Director, met with all residents, family members and employees. Masonic Eastern Star residents were eventually moved by The Ohio Masonic Home to other facilities in Cincinnati and Springfield, including three who moved to Masonic Retirement Village. The Cincinnati facility was eventually closed in the fall of 2004.)

In the communications arena, we published the Beacon newsletter and mailed it quarterly to 125,000 Ohio Masons. We sent specific information about The Home and its subsidiaries to each Masonic lodge secretary, including OMH ads and news items for

lodge newsletters. We suggested scheduling an OMH speaker for a lodge meeting. And, two staff members attended the Grand Master's Florida and Arizona luncheons to be able to talk directly to more than 300 Ohio Masons about their Ohio Masonic Home.

Masonic Retirement Village, Inc. continued to sponsor our Masonic Senior Services program, which has proven to be a cost-effective,

The Ohio Masonic Home 2003 Board of Trustees

innovative way to deliver quality senior services to Ohio Masons. The program assists those Masons and their families in identifying community-based services and benefits, provides assistance in planning for long-term care, and clarifies Medicare and Medicaid issues. Over the next several years, we intend to continue and expand this much-needed program throughout the state.

And, even though we have now reduced our campuses from four to three, our collective mission, to provide quality independent living, assisted living, adult healthcare, as well as community-based services...with concern and compassion for all in the name of Ohio Freemasonry, remains the same.

For more information about The Ohio Masonic Home and its subsidiaries, please visit our web site: www.ohiomasonichome.org.

CFO's Report:

Financial Position Improves in 2003

David R. Stacy
Chief Financial Officer

The accounting records of The Ohio Masonic Home and its affiliated organizations were audited by Battelle & Battelle, LLP, Certified Public Accountants, of Dayton, Ohio. During 2003, the financial position of The Ohio Masonic Home and its affiliated organizations improved by \$33 million. Total net assets at the end of 2003 were \$285 million. Although the recovery was significant, not all of the recent years' investment losses were restored by the end of 2003. The operating units continue to evaluate programs to reduce their need for investment income as The Home is experiencing an increasing demand for charitable assistance.

Charitable assistance was provided to more than 90 residents of the operating units of The Ohio Masonic Home during 2003. Our obligation for charitable financial assistance increased from \$9.5 million to \$17.4 million. Although half of this increase was due to change in estimates, half was for additional residents on financial assistance. The demand for financial assistance is increasing; the Masonic Financial Assistance Program is central to the charitable mission of The Ohio Masonic Home.

The operating subsidiaries made progress toward filling their available units, but uncertainty in the economy contributed to lower occupancy than expected. Resident Services revenue increased by 12% or \$3.5 million. Operating costs, however, rose by \$6 million. The year brought with it significantly higher costs of care. Government reimbursements for skilled nursing did not keep pace with increased operating costs. Employee benefits also increased because of pension expense, medical plan expenses, and Workers Compensation. The increase in depreciation expense reflects the recent construction projects completed primarily on the Springfield campus.

Note:

The consolidated statements of activities and financial position, shown on the following two pages, have been derived from consolidated financial statements audited by Battelle & Battelle LLP, Certified Public Accountants. The complete audited financial statements and independent auditors' report are available to interested parties and may be obtained by contacting David R. Stacy, Chief Financial Officer, The Ohio Masonic Home.

Investments:

In 2003 the recovering market buoyed investments almost back to 2000 levels.

Net Assets: The excess of assets over liabilities increased by \$33 million in 2003.

Revenues and Support: Total revenues exceeded \$45 million due to the growing number of residents.

Bond Debt:

The amount of debt decreased in 2003 as scheduled payments were made.

Obligation to provide financial aid: Increased significantly in 2003 due to the admission of additional residents needing financial assistance and increasing life expectancies.

Our Retirement Communities

Masonic Health Care, Inc., Springfield

Open to the public since 1997 after serving Masons, their wives and widows since 1895, Masonic Health Care offers a loving home to seniors from all walks of life who are in need of nursing care. Masonic Health Care consists of private rooms, certified for Medicare and Medicaid, as well as private rooms in Pathways Center for Alzheimer's Care. MHC residents can count on compassionate assistance and comfortable living accommodations in a community filled with staff and volunteers who genuinely care about their well-being and quality of life.

MHC Year in Review

In 2003, we completed renovation in our clinic and physician practice offices. Masonic Health Care also opened a Hospice Suite for those residents and their families in need of Hospice services. We ended the year with 284 residents.

MHC Resident Profile: *George Woerlein is on the ball*

As the last living member of OSU's 1925 Big Ten Basketball Championship team, George Woerlein turned 99 years old in 2003. A former college and high school coach, he and his wife, Bessie, moved to MHC in 1989.

George earned a Bachelor's Degree in 1928 and later a Master's Degree in Physical Education at The Ohio State University, where he played basketball and football for the Buckeyes. Athletics always played a big part in his life, having coached football, basketball, track and golf in Xenia, Columbus and Chillicothe. He was named to the Ohio High School Track Coaches Association Hall of Fame and is a Lifetime Member of the Ohio High School Football Coaches Association.

And, to add to his many achievements, he is looking forward to 2004 when he turns 100 and earns his 80-year Masonic pin. A member of Groveport Lodge #240, he also belongs to the Aladdin Shrine in Columbus, the York Rite in Chillicothe, and the Scottish Rite in Columbus. His father, he recalls, was a 50-year member of the Shrine.

Throughout his long life, George holds many fond memories, including traveling around the world while in the Navy; meeting Bob Hope on stage during a USO show; and coming face-to-face with General MacArthur. Bessie, his beloved wife of 50 years, passed away in 1991. They had no children, yet their lives were filled with hundreds of children who fondly called Mr. Woerlein "Coach."

Masonic Retirement Village, Inc., Springfield

Masonic Retirement Village is a residential community for Master Masons who are members of a Masonic body recognized by The Grand Lodge of Ohio. It is also open to specific family members of those Masons, and to members of affiliated Masonic organizations. MRV offers independent living garden villa homes with two bedrooms, two baths, and an attached one or two-car garage; studio, one and two-bedroom apartments; and assisted living private rooms.

The Masonic Senior Services program sponsored by MRV continues to assess and assist older Ohio Master Masons and their families who request help with finding and accessing community-based services specifically for seniors.

MRV Year-in-Review

The year 2003 was a year of building and renovations. MRV opened 98 new homes, including garden villas, apartments and assisted living accommodations.

In Masonic Square, 10 new garden villa homes were completed in 2003, each featuring an attached two-car garage. With this new addition, there are now 94 garden villa homes in Masonic Square.

Iredell Gardens, an independent living apartment complex, was

opened and dedicated in the spring of 2003, featuring 60 one and two-bedroom apartments. With the opening of Iredell, we now have 101 independent living apartments. We also opened 28 additional assisted living private rooms in Hillman Manor, increasing our capacity to care for 108 potential assisted living residents. MRV ended the year with 308 residents.

Resident's Perspective:
It's a Family Affair

Kitty Holl and her husband, John, a member of Anthony Lodge #455 in Springfield, decided to move to the Masonic Retirement Village after taking a tour of Iredell Gardens while the building was still under construction.

"We toured in hard hats, and a few weeks later picked out an apartment on the third floor with a great view," Kitty said. John's sisters, Fran and Rhea, were already residents of MRV. Kitty and John were the first residents to move into the new apartment complex on February 28.

"It took us about two days to unpack and rearrange our furniture. By that time, several others had moved in," Kitty said. "We made many new friends and became acquainted with old friends, too."

One month later, Kitty's sister, Christine, moved into her new apartment in Iredell. As time passed, John needed to move to MHC's Pathways Center for Alzheimer's Care. Kitty visits him several times a week. She has since moved into a smaller first floor apartment in Cunningham Place.

Her hobbies include writing poetry and collecting Cobalt glass. The unusual piece she is holding in the photo came from a volcano in Java, Indonesia. Kitty's niece, Betsy, who works in Jakarta for the American Embassy, sent it to her aunt after coming for a visit and seeing her wonderful collection.

"I simply love it here at MRV," Kitty says. "It's nice to be able to walk inside over to the gift shop and post office, and I enjoy getting my hair done every week at our beauty shop. Everything is so convenient." And she added, "I enjoy being here so much."

Browning Masonic Community, Inc., Waterville

Browning Masonic Community is located on a beautiful 328-acre campus just 20 minutes southwest of Toledo. Situated in a scenic, rural setting along the Maumee River in Waterville, Browning is open to Masons and non-Masons alike. The facility has been a not-for-profit subsidiary of The Ohio Masonic Home since February 1, 1999.

Browning offers independent living garden villa homes with two bedrooms, two baths and an attached one or two-car garage as well as assisted living apartments.

BMC Year-In-Review

In January 2003, we received our Residential Care Facility licensure for our 46 apartments. Each apartment is now licensed to offer assisted living/residential care services and comes

equipped with an emergency

call system, kitchenette, and private bathroom. We also offer a Respite Care stay in an apartment for those whose families need time away from caring for a loved one.

Another highlight of 2003 for our residents and staff was the completion of our Kitchen renovation. BMC offers a dining plan for all meals to our apartment residents.

We completed construction of several duplex garden villa homes in 2003, bringing our number of homes up to 16. Each maintenance-free home includes a one or two-car attached garage and all appliances, offering one-floor

convenience, independence and comfort. We have several floor plans, with square footage between 1200 and 1400 square feet.

In October we welcomed Dave Subleski as our new President of Browning Masonic Community. Dave is a licensed nursing home administrator and an active Mason. Browning ended the year with a total of 61 residents.

New Resident Profile:
A Rosy Experience

Don Dauer moved to Browning Masonic Community in August 2003. His third floor apartment overlooks the Rose Garden.

Don became a Mason in 1963. He feels it was a natural result of his being active in Boy Scouting, both as a kid and later, as a Scout leader – the principles of helping others prevail in both Masonry and in Scouting, he said. Don was not just active as a Mason in theory, but in fact. He spent much of his spare time and much of his own money making repairs and improvements to the original Masonic Temple on Broadway Avenue in Toledo. He “wheeled and dealt” for discounts on glass to replace all the windows in the building. Then, he persuaded several men who happened to be roofers to put a new roof on the Temple. Years later, when they were forced to shut the doors of the aging building, Don said, “We did our best to keep it going. But buildings, like people, get old. I guess the important thing is that people keep the memory.”

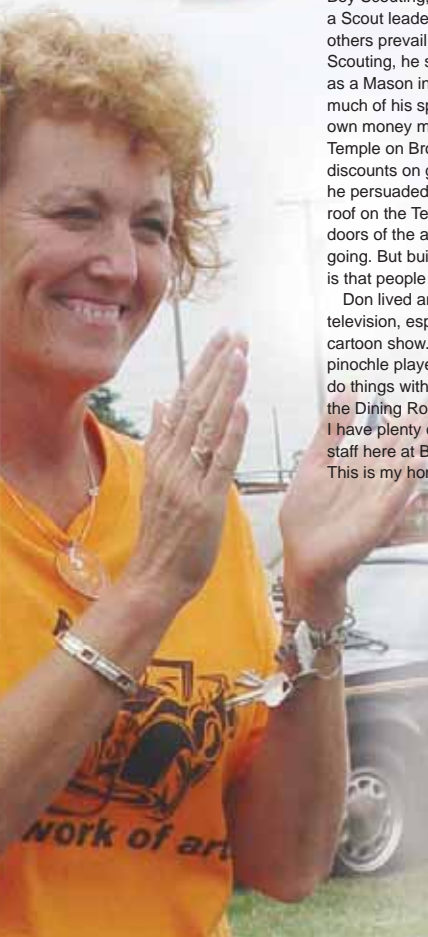

Don lived and worked in Toledo all his life. He watches some television, especially old cartoons. “Tom & Jerry” is still his favorite cartoon show. He enjoys playing pool and shuffleboard and he is a pinochle player as well. He likes having people around to talk to and do things with at Browning. He says he looks forward to meals in the Dining Room “because the food is great, the staff is helpful and I have plenty of company while eating.” He added, “The nurses and staff here at Browning are excellent; they take very good care of me. This is my home, and I am very comfortable here.”

Western Reserve Masonic Community, Inc., Medina

Western Reserve Masonic Community offers a variety of lifestyle accommodations and services designed to meet the needs of adults, 55 and older. Located on a beautiful 229-acre campus just off I-71 in Medina, our homes range from spacious garden villas to apartment living, including independent living, assisted living and health care private apartments.

Open to the public, WRMC offers independent living garden villa homes with two or three bedrooms, some with basements, and an attached garage; independent living apartments; assisted living apartments; and adult health care private rooms, certified for Medicare and Medicaid.

WRMC Year-In-Review

We celebrated our first year anniversary on March 5, 2003, and we've continued to move forward ever since. We closed 2003 with 36 more residents calling Western Reserve Masonic Community home.

As the newest community to join The Ohio Masonic Home Family, our residents have not hesitated in displaying their talents. For instance, Ray Bubsey stepped into the limelight on the new performing arts stage at Medina High School, as a chorus member in the musical, "My Fair

Lady". The show was a collaboration between Medina High School and community organizations.

Our residents entered artwork and writing in a statewide competition. Fifteen of the 19 entries were awarded prizes. Among the winners was Ed Crider, who received the "People's Choice" award for his sculpture.

In the Spring, the sound of thunder could be heard as thirty corvettes from the Medina Corvette Club rolled onto our campus for our first Corvette Show. Many

New Resident Profile: *At Home in Ohio*

In 2003 Ed and Marian Crider moved to Western Reserve Masonic Community. Mr. and Mrs. Crider are originally from Berea and Strongsville and had started spending their winters in Florida. After their first year living year-round in Florida, they decided "home" is where their family lives, and that they wanted to move back to the area to be near family. In addition to being near their children and their families, they wanted to plan for the future and ensure peace of mind for themselves and their family, regardless of what that future may have in store. This led them to Western Reserve Masonic Community.

Ed and Marian are "big fans and can't say enough about Western Reserve Masonic Community." So much so, that they have very busy days right on campus. Ed is the founder of WRMC Community Carvers, where residents do wood carving, burning and painting. We are fortunate to enjoy the varied pieces from Community Carvers. Marian enjoys making music as a member of the Prime Chimers, WRMC's bell chime choir. Both have been able to pursue and share their artistic interests and even win some awards while doing so! Ed won People's Choice Best in Show and Marian won Category 1st Place for their entries in the 2003 AOPHA Art Show.

"We enjoy the people, our neighbors," Ed often expresses with gratitude. One of the most meaningful experiences he values was through the WRMC Veteran's Club. It was here that Mr. Crider learned that he liberated one of his WRMC neighbors from a Prisoner of War camp during World War II. Ed's 14th Armored Division of the Army liberated a fellow WRMC neighbor and Air Force pilot from a one year internment. This was a very emotional discovery for both individuals.

As one can see, Ed and Marian live their philosophy of it being "important to give back to the community and reach out to others," on a daily basis. Not only do they share their friendship and talents, but they are also very active in the Apartment Council that helps to shape the community. Ed and Marian are a couple among many who make WRMC the "fantastic" community that it is today!

area corvette clubs were represented with one of our own residents displaying his 1998 Corvette Roadster. (Who said we outgrow our toys?)

Music filled the air throughout the year as Western Reserve hosted its first Concert Series. Then, Janelle Coutts,

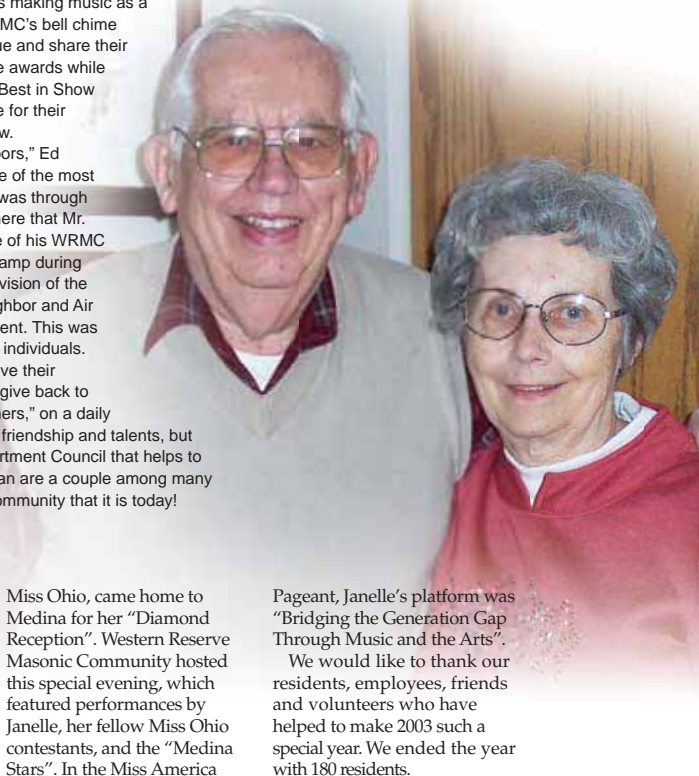

Miss Ohio, came home to Medina for her "Diamond Reception". Western Reserve Masonic Community hosted this special evening, which featured performances by Janelle, her fellow Miss Ohio contestants, and the "Medina Stars". In the Miss America

Pageant, Janelle's platform was "Bridging the Generation Gap Through Music and the Arts".

We would like to thank our residents, employees, friends and volunteers who have helped to make 2003 such a special year. We ended the year with 180 residents.

The Ohio Masonic Home Benevolent Endowment Foundation, Inc.

We are pleased to report that the 2003 year saw us not only continue our traditional efforts to support the Home and its subsidiaries, but also add new programs that will continue to help us in the future.

Our first-ever fund raising direct mail appeal to the entire membership resulted in more than 800 responding in support of the appeal's target:

improving the computer technology available to our residents. More than \$30,000 was received, which enables us to dispatch new computer resources to each subsidiary for the benefit of our residents. As you may know, seniors represent the fastest growing segment of Internet users.

In September, the Foundation sponsored its first special event fund-

raiser. We welcomed Jim Perry, former pitcher and the 1970 American League Cy Young Award winner from the Minnesota Twins, and 24 other former professional athletes to our first golf tournament.

Perry and his "Legends", including Vern Law, the 1960 National League Cy Young winner; Freddie Patek; Jim O'Toole, former Cincinnati

Red's pitcher; Hal Naragon, a former Cleveland Indian; Rich Rollins; Vern Fuller; Jim "Mudcat" Grant; Jon Warden, former Tiger pitcher; Darrall Imhoff from the NBA; and Tom Sneva, former Indy 500 winner, were truly a class act, full of great stories about their sport and former adversaries.

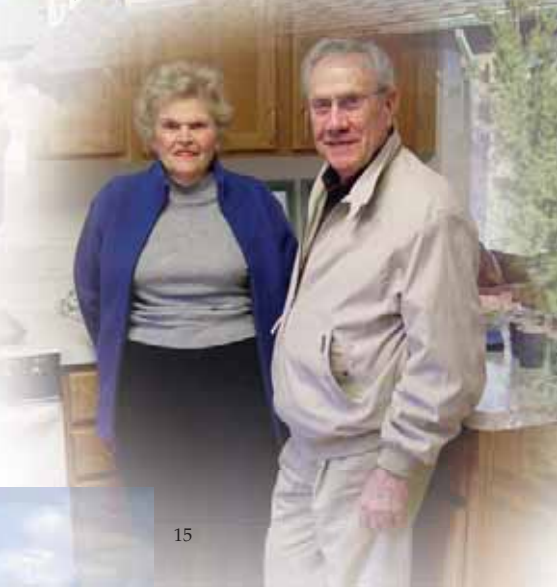

Each of these Legends was sincerely interested in what The Ohio Masonic Home is all about. The Springfield community response was very good, making it possible for us to plan the Second Annual Jim Perry Legends Golf Tournament for 2004 and beyond. We hope to have more Masons joining in supporting our future events.

We presented our first Planned Giving seminar for members of our Springfield campus in June. Addressing the importance of having a will and basic estate planning, this program proved to be valuable to all in attendance. We are planning more programs like this on each campus.

A true highlight of the year was the dedication ceremony for naming The Community Center Dining Room the Kathleen B. Castle Dining Room. We received a major gift from Illustrious Brother Lyle W. Castle, 33°,

of Lebanon, Ohio, to name our beautiful dining room in memory of his late wife, who was a dedicated member of Lebanon Chapter #343, Order of Eastern Star. The dedication program took place on Masonic Home Day in June, celebrating the first donor naming of a building area on the Springfield campus in 80 years.

We look forward to enhancing and expanding our efforts on behalf of The Ohio Masonic Home. And, we pray for and look forward to the continued support of the fraternity in this noble work.

Masonic Eastern Star Community, Cincinnati

(Editor's Note: The decision to close the Masonic Eastern Star Community was made at the February 2004 Board Meeting. All residents were eventually moved to other facilities in Cincinnati and Springfield, including three who moved to Masonic Retirement Village. The Masonic Eastern Star Community closed in the fall of 2004.)

Resident Profile:

Finding a feeling of family

Blanche Mackelfresh moved to the Masonic Eastern Star Community in the fall of 2003 after living alone for 14 years. "I loved the feeling of family there. I loved the wonderful volunteers and staff in assisted living." She said one of the volunteers who brought her daily communion and bags of books to read still keeps in touch.

When the residents and their families were notified that the facility would be closing, Blanche, along with her son and daughter-in-law, met with the MRV Marketing staff about moving to Masonic Retirement Village. "I thought it was a good idea to move here," Blanche said. She moved into Hillman Manor in July, and now says it, too, feels like family. "This is such a big place compared to the Masonic Eastern Star Community," she said. "But I soon found my way around to get to the Library and over to The Community Center through the tunnel walkway. And two of my friends from the Masonic Eastern Star Community have also moved here."

Asked about her secret to longevity, Blanche, who's approaching 85, replied, "I don't know how I've lasted this long. I've never done anything special. I love to eat and I love to sleep. And, I'd say I was always self-determined." This self-determination got her into college at age 40. She earned a Bachelor's Degree in Education, then a Master's Degree in Reading, both from the University of Cincinnati. She became a substitute teacher and tutor for St. Margaret Mary School in North College Hill. "I thoroughly enjoyed my many years of teaching," she added.

"Now," said Blanche, "I'm not much of a joiner. However, I always ask other residents to join me during meal times. As I said, I love to eat and the food here is just fine." One of her favorite activities at MRV is painting ceramics to give as gifts to her grandchildren and great grandchildren. And she is still an avid reader. She visits our main Library often, picking out four or five books to read at a time. "I don't really have a favorite author," Blanche commented. "I do love a happy ending."

Donations 2003
