## VALUES

We **Respect** our residents, clients, employees and suppliers, by the exercise of **Brotherly Love**, and invite their participation in support of our mission.

**Truth, Sincerity and Plain Dealing** distinguish us in our relationships with residents, clients, employees and suppliers.

Our **Charity** is found in the gathering of resources to provide relief to elder Masons, their families and the general public in distress. (Psychological, social, physical, medical, economic, shelter, need for advice.)

By practicing good **Stewardship** with our resources, we preserve our future and expand our charity.

Through these values we will provide **Distinguished Service** and be recognized as outstanding in Ohio in any service/operation, satisfaction, or best practices.
