

THE BEGINNING NEVER ENDS

Illustrious Brother
Terry L DeVassie, 33rd,
*2013 Chairman, The
Ohio Masonic Home
Foundation Board of
Trustees*

Ever since the vision of a place to care for aging Master Masons, their wives, widows and orphans, The Ohio Masonic Home has worked diligently through the strong leadership of those with great foresight. Since 1890 to this very day, leaders have continued to take carefully planned steps to create an entity unique to any other facility in Ohio.

The Ohio Masonic Home Foundation is to continue to look beyond today for greater avenues of care. With the new “Aspired Living” philosophy, just recently launched, we are moving in a new direction of care for our residents in addition to the traditional methods successfully used over the years.

Instead of remedial care for those that need our love and attention, we are creating opportunities which inspire residents to achieve dreams which before were not thought possible. This new philosophy embraces the concept that aging is living. Through the diverse charitable entities we support at the Home, and through the fund raising efforts of the Foundation, we can create an attitude of, “I Aspire to do that which I thought not possible for me to do.”

For example, we all enjoy recreation, so...Aspire to have fun doing that which one likes to do the most. God’s gift to us each day is a brand new 24 hours. Our new philosophy is to provide those opportunities to “Aspire” to do those things that fill that special gift each and every day, whatever that might take to accomplish.

The Ohio Masonic Home Foundation provides the opportunity across Ohio for Masons and non-Masons alike to support our efforts of caring for those on our campuses, as well as those that “Aspire” to age gracefully in their homes through the efforts of the I-Care program.

The charitable causes of the Foundation, in addition to the I-Care program are; Memory Care, Resident Care and Masonic Financial Assistance Care in addition to the Foundation’s College Scholarship program.

The tasks of the Foundation are to provide funds, and a clear vision of the use of those funds. Through these actions, supporters of The Ohio Masonic Home may realize that we are and will continue to be, good stewards of their gracious and unselfish gifts.

We, the Trustees of The Ohio Masonic Home Foundation, “Aspire” to see these great visions continue and provide the foundation with resources for addressing the needs of those we care for today and those that will seek the love, care and compassion of The Ohio Masonic Home in the future.

This is just the beginning and may it never end.

With Brother Ron Connelly’s term as Chairman of the Benevolent Endowment Foundation Board of Trustees coming to a close the Ohio Masonic Home would like to express gratitude toward his service in working so closely with the Ohio Masonic Home mission

Right Worshipful Brother Ronald L. Connelly, 33rd,
2012 Chairman, The Ohio Masonic Home Foundation Board of Trustees
